SOFT COMPUTING IN SOFTWARE ENGINEERING

Book Condition: New. Publisher/Verlag: Springer, Berlin | Soft computing is playing an increasing role in the study of complex systems in science and engineering. There is a large spectrum of successful applications of soft computing in very different applications domains such as aerospace, communication, consumer appliances, electric power systems, process engineering, transportation, and manufacturing automation and robotics. It has taken a while to bring the early ideas of soft computing to an area and a discipline that seems to be...
