Cas cliniques et échocardiographiques d'Algérie

By Ali-Tatar Chentir, Nora N.

Condition: New. Publisher/Verlag: Éditions universitaires européennes | Dans une période de transition épidémiologique, nous continuons à prendre en charge les séquelles du rhumatisme articulaire aigu représentées par les valvulopathies mitrales et polyvalvulopathies en préopératoire de chirurgie cardiaque et en pré interventionnel de dilatation mitrale percutanée. A côté des maladies infectieuses nous assistons à la progression en flèche des cardiopathies ischémiques qui consultent parfois avec retard. Les cardiopathies congénitales de l'adulte opérées ou non, sont explorées dans le cadre de troubles du rythme, de la conduction ou pour insuffisance cardiaque. Les progrès réalisés dans la thérapie de resynchronisation cardiaque font que la demande soit croissante faisant de l'échocardiographie un outil supplémentaire pour affiner la sélection des patients devant bénéficier de cette thérapie. Cet ouvrage concentre des cas cliniques réels en faisant un livre intéressant pour les résidents, les cardiologues, les chirurgiens cardiaques, échographistes mais aussi les internistes, pédiatres en permettant d'illustrer les données théoriques et de comparer les profils de patients explorés dans cet ouvrage à ceux reçus dans les autres pays. | Format: Paperback | Language/Sprache: fre | 196 pp.

Reviews

Basically no words to describe. It is filled with knowledge and wisdom I am just pleased to let you know that this is actually the greatest publication i have read within my individual lifestyle and may be he best publication for at any time.

-- Prof. Ron Gaylord II

Complete guideline! Its such a excellent read. This really is for all who statte there had not been a worth studying. It is extremely difficult to leave it before concluding, once you begin to read the book.

-- Timothy Lynch
