Createspace Independent Publishing Platform, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.Kids run away for many reasons; abusive parents, a bad environment, poverty, lack of love or respect at home. A few run away for adventure. Others hope to find a better life, but most discover that life on the street is cold, hungry and lonely. It s also a jungle of predators. The smarter - or luckier - kids usually find that no matter how bad things were at home, at least they had a bed to sleep in and a chance to really escape by going to school and preparing themselves to win life s battles. Most runaways are heard from again, days, weeks, even months later. But a few kids just disappear, and only their faces on milk cartons, or images on missing websites prove they once existed. Collin Thatcher, thirteen-years-old in Oakland, California, has a reason for running away: his self-righteous Aunt Libby, a part-time social worker and full-time fool, wants to put him in a boot camp for being lazy and obese, take him away from his dreamer father, who was wounded in the Army, given a wheelchair along with a medal, and survives by writing books for kids. With the help of his best friend Ralpa, whose family fled political oppression in Tibet, Collin hopes to defeat his aunt s schemes. He and Ralpa are unexpectedly aided by a homeless boy named Tyger who survives by fishing in a battered old boat. Tyger introduces Collin to the Asian inner-city, a vastly different hood from Collin s, yet also plagued by gangs and violence. Collin s plan seems to be working. But then, he and his friends are captured by men who use kids for actors in films...
