Sources of Japanese Tradition: Sources of Japanese Tradition, Abridged 1600 to 1868 Part 2 (Paperback)

By -

Columbia University Press, United States, 2006. Paperback. Condition: New. second edition. Language: English . Brand New Book. For almost fifty years, Sources of Japanese Tradition has been the single most valuable collection of English-language readings on Japan. Unrivalled in its wide selection of source materials on history, society, politics, education, philosophy, and religion, the two-volume textbook is a crucial resource for students, scholars, and readers seeking an introduction to Japanese civilization. Originally published in a single hardcover book, Volume 2 is now available as an abridged, two-part paperback. Part 1 covers the Tokugawa period to 1868, including texts that address the spread of neo-Confucianism and Buddhism and the initial encounters of Japan and the West. Part 2 begins with the Meiji period and ends at the new millennium, shedding light on such major movements as the Enlightenment, constitutionalism, nationalism, socialism, and feminism, and the impact of the postwar occupation. Commentary by major scholars and comprehensive bibliographies and indexes are included. Together, these readings map out the development of modern Japanese civilization and illuminate the thought and teachings of its intellectual, political, and religious leaders.

Reviews

This kind of pdf is every little thing and taught me to looking forward and more. It is one of the most incredible book i have read. You wont truly feel monotony at whenever you want of your time (that's what catalogs are for about should you check with me).

-- **Miss Amelie Fritsch DVM**

A whole new e book with an all new point of view. It is one of the most incredible book i actually have go through. I am easily could possibly get a enjoyment of reading through a written book.

-- **Nathanael Treutel**
