iUniverse, United States, 2005. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.In the short but powerful book Snap Out of It, author Barry Bragg invites you to examine traditional religious ideas and exchange them for a spontaneous, personal, free-flowing, natural spirituality. He proposes that we are all part of one vast, creative energy, and that humanity is innately good. In walking a spiritual path, you must ask, with unwavering courage, What is really true? The civilized man has a moral obligation to be skeptical, to demand the credentials of all statements that claim to be facts. Is it all right to believe whatever you want to believe, or whatever someone thought was true a long time ago? If certain unquestionable ideas cause people self-hatred, or create division in families and between...
