Dover Publications Inc., United States, 2007. Paperback. Condition: New. Dover. Language: English . Brand New Book. School days, like our everyday, have changed. But the obsolete world of the one-room schoolhouse filled with rough-hewn desks still lingers. The echoes of yesteryear live on in the old-fashioned classrooms that still stand today. Harkening back to a time when the three Rs actually stood for reading, riting, and religion, Eric Sloane s sketchbook explores the history and spirit of early American schools. In this vivid slice of Americana, he tells of when paper was a precious commodity, explains the origins of words such as blackboard and moonlighting, and offers evocative illustrations of New England s eighteenth- and nineteenth-century schoolhouses and their delightfully modest interiors. Filled with insight, warmth, and honest nostalgia, The Little Red Schoolhouse is an enchanting journey into a bygone past.
