GOVERNMENT OPERATIONS: IMPROVEMENTS NEEDED IN THE DISTRICTS GENERAL PUBLIC ASSISTANCE PROGRAM: GGD-83-13

Bibliogov. Paperback. Book Condition: New. This item is printed on demand. Paperback. 54 pages. Dimensions: 9.7in. x 7.4in. x 0.1in.GAO reviewed the District of Columbias General Public Assistance (GPA) program and recommended specific action which it believes will enhance the Districts administration of the program. GAO found that some recipients worked and earned income in excess of allowable earnings or received unemployment compensation while they received GPA benefits. Increased use of the reports which list recipients who may have earned wages or received unemployment compensation will ensure that correct payments are made to eligible recipients. Also, recipients need to be adequately informed of the programs eligibility requirements and the consequence of failure to report changes in their medical conditions or social status. Many recipients should not have been certified to receive GPA either because they were ineligible or because sufficient information was not available to make a determination of eligibility. Guidelines have not been developed to assist the Districts Medical Review Team (MRT) in making determinations for GPA eligibility. In addition, since recipients referred for Supplemental Security Income (SSI) are not regularly certified, many continue to receive GPA benefits without a current medical evaluation. A GAO analysis of a sample of judgmentally selected cases showed that data concerning other recipients periods of eligibility are not being accurately entered into the computer database. This item ships from La Vergne, TN. Paperback.
