

## Dynamic Earth (Paperback)

By Eric H. Christiansen, W. Kenneth Hamblin

Jones and Bartlett Publishers, Inc, United States, 2014. Paperback. Condition: New. Language: English . Brand New Book. An up-to-date and comprehensive exploration of how Earth works. New technologies have given us many different ways to examine the Earth. For example, we can penetrate deep into the interior of our planet and effectively X-ray its internal structure. With this technology comes an increased awareness of how our planet is continually changing and a fresh awareness of how fragile it is. Designed for the introductory Physical Geology course found in Geology, Earth Science, Geography, or Physical Science departments, *Dynamic Earth: An Introduction to Physical Geology* clearly presents Earth's dynamic geologic systems with their many interdependent and interconnected components. It provides comprehensive coverage of the two major energy systems of Earth: the plate tectonic system and the hydrologic cycle. The text fulfills the needs of professors by offering current content and a striking illustration package, while exposing students to the global view of Earth and teaching them to view the world as geologists. The book is divided in four parts. Part I presents Earth's materials and how they are created by geologic systems. Part II discusses the hydrologic system by examining...
