WHY GOVERNMENTS FAIL IN COMMERCIAL ENTERPRISES: THE FISCAL BARRIER BETWEEN PLAN AND EXECUTION (CLASSIC REPRINT) (PAPERBACK)

Forgotten Books, 2018. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Excerpt from Why Governments Fail in Commercial Enterprises: The Fiscal Barrier Between Plan and Execution In another branch of this same concern, in New York City, two time recording clocks lay unused for three months. During all that time there was no money to be had for their repair. Ten dollars would probably have repaired the clocks. The concern owning them was gathering in a daily revenue of more than two thirds of a million dollars. But the clocks There was not even ten cents on hand available for their repair. The name of the concern in question is the United States Post Office Department. The instances cited above are but photographs in miniature, taken, for convenience, to illustrate what is going on year in and year out on a vastly larger scale, not only in the Post Office Department, but in every other department of government. The worst of it is, it is not easy to point out, in this situation, the political sins of omission or commission which go to make up the legitimate prey of the muckraker. The suspended print shop and neglected time recording clocks are less symptoms of a curable disorder, than normal characteristics of a peculiar system. They are simply the result of a natural law, which permeates every branch of governmental endeavor, and which, like Banquo's ghost, will not down.
