Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from Your Marriage As this book goes to press, the old edition is still being recommended as valuable reading by many writers and lecturers, even though some of the problems discussed there have changed and many new facts need to be considered. The purpose of the revision is to make this useful book even more useful. There is also the desire to perpetuate the name of a pioneer in the field of family-life education. Norman E. Himes did much to tear down the social and legal barriers that kept people in ignorance about vital matters of marriage and birth control. He died while educating the young people of Europe in family life and democracy. The present edition follows Himes's original organization and orientation. The following new chapters have been added: 2, 3, 9, 12, 15, 20, 23, 24, 25. The other chapters have been reworked. Some of Himes's editorializing has been eliminated because in many instances his editorial battles have been won. However, opinions and values are still part of the book. It is hoped they will be considered as such. Needless to say, it is expected that these values and opinions will be subject to discussion and criticism. Such is the spirit and procedure of a learning situation. As the book approaches completion, I realize how impossible it would be to write a book alone. Thanks and appreciation are due many persons. I should first like to express thanks to my wife Martha. Her contributions have been both practical, in editorial advice and typing the manuscript, and inspirational because she is a wonderful wife and mother. No student of family life can overlook...
