NANOENCAPSULATION OF PROBIOTIC BITTER GOURD JUICE POWDER

Condition: New. Publisher/Verlag: LAP Lambert Academic Publishing | The functional food is increasing consumer perception as it offers many of the health beneficial effects. Probiotics are live microorganisms which administered in adequate amount confers health benefit on the host which led to its incorporation into non-dairy foods. Encapsulation is a technique, which involves the incorporation of a chemically sensitive compound in a matrix or sealed capsule, protecting it against adverse reactions, preventing its degradation and increasing its shelf life. Bitter...
