WW Norton Co, United States, 2016. Paperback. Condition: New. Reprint. Language: English . Brand New Book. In May of 1856, the steamboat Effie Afton barreled into a pillar of the Rock Island Bridge, unalterably changing the course of American transportation history. Within a year, long-simmering tensions between powerful steamboat interests and burgeoning railroads exploded, and the nation s attention, absorbed by the Dred Scott case, was riveted by a new civil trial. Dramatically reenacting the Effie Afton case-from its unlikely inception, complete with a young Abraham Lincoln s soaring oratory, to the controversial finale-this masterful (Christian Science Monitor) account gives us the previously untold story of how one sensational trial propelled a self-taught lawyer and a future president into the national spotlight.
