By Boyce C. Williams

Peter Lang Publishing Inc. Paperback. Book Condition: new. BRAND NEW, Preparing Effective Teachers of Reading: Putting Research Findings to Work for Student Learning (1st New edition), Boyce C. Williams, Preparing Effective Teachers of Reading will show educators and administrators (K-12 and higher education) how a higher education initiative used collaboration and partnerships to respond to one of the greatest needs facing the nation - improving the reading achievement of poor and minority children. The book will also provide readers with a forum for understanding scientifically-based reading research (SBRR) and instruction, and the five essential components of reading. In addition, the book will showcase, through evaluation findings and a case study, how diverse geographic, ethnic, and racial institutions are creating national models for bridging the achievement gap in reading, teaching reading, preparing new teachers, and engaging key stake-holders by transforming curricula and syllabi, establishing reading centers, and providing directed teaching and tutoring experiences for candidates.
