Brand New Book ***** Print on Demand *****.Excerpt from Thirty-Sixth Annual Report of the Municipal Government of the City of Franklin for the Financial Year 1930 When you pick up the 1929 City Report you will notice that the city debt has been substantially increased. This is due to the bond issue which was necessary to pay for the Hill road construction and for the new Kenrick underpass. Now both of these projects were voted by previous councils, all the 1929 council had to do was to get the money to pay for them. I sometimes wonder whether or not this could not have been better utilized in applying it towards a new high school building which the city sadly needs. I am a firm believer in the advantages derived from good roads, but on the other hand I believe that the majority of the citizens of Franklin derive more advantage from good schools rather than from good roads.
