

## Field Guide to the Carnivorous Plants of the United States and Canada

By McPherson, S.; Schnell, D.

Redfern Natural History, 2013. Condition: NEW. 200, 297 col photos. 250x180mm. PB. NEW. . This visually beautiful field guide documents all native and introduced carnivorous plants found across the United States and Canada (Catopsis, Aldrovanda, Darlingtonia, Dionaea, Pinguicula, Sarracenia and Utricularia). After a concise introduction to carnivorous plants of the continent, each species is profiled over two pages with three images and a concise summary of key features written clearly and comprehensively. Concluding sections cover hybrids, conservation of North American carnivorous plants, Bibliography, etc. [9781908787088].

### Reviews

*Good electronic book and valuable one. It is one of the most incredible publication we have read through. It is extremely difficult to leave it before concluding, once you begin to read the book.*
