

Voice of the Earth: An Exploration of Ecopsychology (Paperback)

Filesize: 1.25 MB

Reviews

Simply no words to explain. It really is basic but shocks from the fifty percent of the ebook. I am just happy to explain how this is the finest pdf we have read within my personal life and could be the best ebook for possibly.
(Blair Monahan)

VOICE OF THE EARTH: AN EXPLORATION OF ECOPSYCHOLOGY (PAPERBACK)

[DOWNLOAD PDF](#)

Phanes Press, U.S., United States, 2001. Paperback. Condition: New. 2nd Revised ed.. Language: English . Brand New Book. What is the bond between the human psyche and the living planet that nurtured us, and all of life, into existence? What is the link between our own mental health and the health of the greater biosphere? In this bold, ambitious, philosophical essay (Publishers Weekly), historian and cultural critic Roszak explores the relationships between psychology, ecology, and new scientific insights into systems in nature. Drawing on our understanding of the evolutionary, self-organizing universe, Roszak illuminates our rootedness in the greater web of life and explores the relationship between our own sanity and the larger-than-human world. The Voice of the Earth seeks to bridge the centuries-old split between the psychological and the ecological with a paradigm which sees the needs of the planet and the needs of the person as a continuum. The Earth's cry for rescue from the punishing weight of the industrial system we have created is our own cry for a scale and quality of life that will free us to become whole and healthy. This second edition contains a new afterword by the author.
