Reviews

Definitely one of the better book We have possibly read. We have read through and i also am certain that i am going to gonna study once again yet again in the foreseeable future. Once you begin to read the book, it is extremely difficult to leave it before concluding.

Tara Books, India, 2016. Paperback. Condition: New. Bai Durga (illustrator). New ed. Language: English . Brand New Book. The first paperback edition of one of the most popular children s titles from Tara Books. This visually stunning read-aloud book invites young children to count the improbable number of animals that clamber up an ever-expanding tree. Illustrated with art from the Gond tribal tradition of central India, *One, Two, Tree!* is a number book, a picture book, a nursery rhyme and a fable about living together. From the state of Madhya Pradesh in central India, the Gonds are a community of highly visual people. They surround themselves with their stunning art, which is traditionally painted on the mud floors and walls of their homes. Hailing from a densely forested region, the tree is at the heart of their art, providing a rich source of inspiration. *One, Two, Tree!* is a unique and accessible way of introducing even very young children to this exceptional art form.
