While the American dream has always been to go big or not at all, there is a growing trend of people bucking the trend, and living in homes that have less than 500 square feet of floor space. These people are saving money like crazy because their homes aren't valued as highly as the mansions the average American craves, and in some cases, first time home-owners are building these aptly named micro-homes. .and not having to pay a mortgage to do so! If you are considering making the transition to tiny home living, if you already have, or if you just want to better organize your own (larger) home, then this book is for you. In these pages, you will find tips to better organize your: Kitchen Bedroom/Bed Area Bathroom, and General Living Areas There are tips ranging from how to better organize your laundry.if you are lucky enough to have a laundry area that is! (Tip 46), and how to have a bathroom in a closet.or under the stairs (Tip #30), all the way to create new storage spaces out of home features that annoy us the most (Tip #3).
