Medieval Identity Machines (Paperback)

By Jeffrey Jerome Cohen

University of Minnesota Press, United States, 2003. Paperback. Condition: New. New. Language: English . Brand New Book. In Medieval Identity Machines, Jeffrey J. Cohen examines the messiness, permeability, and perversity of medieval bodies, arguing that human identity always exceeds the limits of the flesh. Combining critical theory with a rigorous reading of medieval texts, Cohen asks if the category human isn't too small to contain the multiplicity of identities. As such, this book is the first to argue for a posthuman Middle Ages and to make extensive use of the philosophical writings of Gilles Deleuze to rethink the medieval. Among the topics that Cohen covers are the passionate bond between men and horses in chivalric training; the interrelation of demons, celibacy, and colonialism in an Anglo-Saxon saint's life; Lancelot's masochism as envisioned by Chretien de Troyes; the voice of thunder echoing from Margery Kempe; and the fantasies that sustained some dominant conceptions of race. This tour of identity--in all its fragility and diffusion--illustrates the centrality of the Middle Ages to theory as it enhances our understanding of self, embodiment, and temporality in the medieval world.

Reviews

It is really an amazing pdf which i have possibly go through. Indeed, it really is play, nevertheless an amazing and interesting literature. I am just very happy to let you know that this is the best ebook i have got study in my very own life and might be the very best ebook for actually.

-- Evan Sporer

If you need to adding benefit, a must buy book. It can be written in straightforward words and phrases and never difficult to understand. I realized this ebook from my dad and i advised this ebook to learn.
