Createspace, United States, 2015. Paperback. Book Condition: New. 203 x 127 mm. Language: English . Brand New Book ***** Print on Demand *****.Virtually all of the large corporations I've worked with have each spent millions of dollars (\$US) installing customised sales systems and account management processes. This booklet will give you a snapshot of the core wisdom you need to adopt a best-practice account management system for a few pounds (UK) or dollars (\$US). The contents embody and reflect my research, consulting, direct selling and coaching within global corporations over a twenty year period. The companies I worked directly for, or in a freelance capacity with, include: IBM, Cisco, Accenture, Xerox, Microsoft, American Express, Standard Chartered, BP and Reckitt Benckiser. During this period I've had the privilege to meet, work with and coach hundreds of top performers worldwide. I have applied this experience to design a series of single-page templates that combine to create an overall account management template for both a large and medium sized sales organisation. I have pared everything down to the core and most important wisdom necessary to facilitate a highly effective B2B relationships-based account management process.
