By Ian Todd, Gavin Spickett, Lucy Fairclough

John Wiley & Sons Inc. Paperback. Book Condition: new. BRAND NEW, Lecture Notes: Immunology (7th Revised edition), Ian Todd, Gavin Spickett, Lucy Fairclough, Immunology Lecture Notes provides a thorough grounding in basic concepts of immunity. Covering the core components of the immunology curriculum at medical school, it presents a concise overview of the immune system, its interactions with pathogens, the major areas of immunopathology, including immunodeficiency, allergy, autoimmunity, lymphoproliferative diseases and transplantation, and their therapy. Immunology Lecture Notes includes: Full-colour descriptive illustrations and diagrams throughout, supplemented by new molecular graphics and anatomical scans New clinical cases developed as themes throughout the book to illustrate the practical application of immunological principles Fully updated self-assessment questions with expanded explanation of answers With learning objectives and key points guiding you through the vital concepts, Immunology Lecture Notes will help you to address the key disorders of the immune system, and use immunological developments in clinical practice.

Reviews

This ebook is very gripping and exciting. It is one of the most amazing book we have study. Its been printed in an remarkably easy way and it is only after i finished reading this book through which really transformed me, affect the way i think.

-- **Camille Greenholt**

It in a single of my favorite publication. It really is rally interesting throug studying period. Your life period will probably be transform once you total looking at this book.
