

American Physical Education Review Volume 27, No. 2

By American Physical Association

Rarebooksclub.com, United States, 2012. Paperback. Book Condition: New. 246 x 189 mm. Language: English . Brand New Book ***** Print on Demand *****.This historic book may have numerous typos and missing text. Purchasers can download a free scanned copy of the original book (without typos) from the publisher. Not indexed. Not illustrated. 1922 Excerpt: .Council and most people concerned, that full preparation for teaching physical education requires a college course of at least four years, and that the curriculum should be strong in cultural studies, basic sciences and educational theory as well as in the technical study of physical education. It is agreed that for the present, because of the serious shortage of teachers, courses of two years should be recognized in preparation for subordinate positions, where the teaching is done under competent supervision. The committee has not yet studied as long nor reached as uniformity of agreement when it comes to requirements of athletic and gymnastic practice. It is the belief of the speaker that two hours of such practice daily should be required of all physical education students, except in cases of physical disability, and that when such disability continues very long it should bar the student from...

Reviews

Definitely among the finest publication I have got possibly read. It is really simplified but shocks from the 50 % of your pdf. Your life span will be convert as soon as you total looking over this book.

-- **Katelin Blick V**

This publication might be worthy of a read through, and superior to other. It normally is not going to charge excessive. Its been written in an remarkably simple way and is particularly just after i finished reading through this book through which in fact transformed me, alter the way i really believe.
