Brand New Book ***** Print on Demand *****.Description: What is the purpose of theology for the church? Systematic theology provides an inroad into this question by offering both a method for doing theology and an explanation for the purpose of that method. However, system is itself the product of a specific understanding of knowledge grounded in rational demonstration of facts. This study attempts to address the historical debate over when systematic theology began. Much of the debate is centered on the definition of system and revolves around the use, or lack thereof, of external philosophical categories or language. Specific historical figures have been selected to serve as illustrations of how theological prolegomena functioned in works prior to and following the influence of Enlightenment thought. In the early chapters it will be seen that theology was neither totally saturated with, nor totally devoid of, external philosophical reference points or programmatic intentions. On the contrary, both external points of reference and programmatic intentions have played a role in theology since the church's inception. In other words, certain elements of system (e.g., logic, non-contradiction, organization)...
