Do not just able to complete something or not be able to complete. it is a very specific set of behaviors and technologies. Execution to be implemented in the core processes of operation. there must be the implementation of the operating manual. Because the operation is the execution of the premise. and the theory itself is not operational. a gulf between management theory and practice management - theory is gray. and the practice of the evergreen tree. This gap should use the cement go to bridge that cement is the expression to perform an operation manual for the formation of a clear text. Perform operations manual can not stay in the theory. can not be confined to the experience. because experience is narrow. and should be the sublimation of experience to be generally applicable. not only applies to one one issue. but each time around things. Perform operations manual implementation. is the management of the circle with the compasses painting. Executive summary execution lies in three core processes: personnel processes. strategic processes and operational processes. The implementation of the knowledge being created above the three core processes. it is through the many years of practical experience and summed up the emerging leadership and organizational theory. A strong flow of personnel actually provide a strong framework. which is...
