SIMON SCHUSTER, United States, 2011. Paperback. Condition: New. Original. Language: English . Brand New Book. Ghosts epitomise the height of terran evolution and physical conditioning. Born with incredible psionic potential, these individuals are recruited and quarantined for government training from childhood. Like most ghosts, Nova Terra had all memories of her prior life buried when she became a member of this elite corps of commandos. Unlike most, Nova actually wanted to erase her personal history and put all of her painful memories to rest. Now, one of the most powerful ghosts in the terran Dominion is about to be haunted by her own past when a forgotten friend joins her mission to locate who has been kidnapping ghosts and find out how and why it's being done. The shocking answer to all of those questions pits Nova against shadows of her past and the future of terran psionic warriors: Spectres.
