HANDBOOK OF THE KOREAN LANGUAGE

Createspace, United States, 2015. Paperback. Book Condition: New. 216 x 140 mm. Language: English . Brand New Book ***** Print on Demand *****.This book represents an effort of around five years of part-time research, study, and writing by the author. In addition to assembling and organizing large amounts of accurate - and current - information from nearly countless sources, Mr. McDonough has also striven to describe the Korean Language in clear, engaging prose. Although written with beginning and intermediate learners in mind, even advanced users should find this handy book quite useful. This is the only book of its kind written in English currently available, and the only book that contains such a well-organized and useful collection of information. Part of its unique value is in the author's careful editing and the exclusion of a lot of older, rarer legacy grammar material that tends to haunt many Korean books. Further aiding the user, notes about frequency and general usefulness are included in many places. In addition to being a self-contained educational resource,...
