EVOLUTION: FACT OR FICTION (PAPERBACK)

Createspace Independent Publishing Platform, United States, 2014. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Why should Christians concern themselves with the theory of evolution or intelligent design? After all, if we believe God created everything, what difference does it make if He created the world instantly or used the process of evolution to develop everything gradually over long ages? The theory of evolution is so widely accepted today because it is the only theory which can be legally taught in our public school system, which is a politically protected monopoly. We believe both true Science and the Bible support Intelligent Design. The purpose of this report is to examine the Theory of Evolution and consider the scientific evidence against it. We report. You decide.
