This is our fifth book in The Coming Series, and has to do with further helping Americans protect and build their life savings. In our previous books, we discuss the weakness of the U.S. banking system, including newly instituted bail in program, hyperinflation, and expatriation. This book is different. It answers the question of how we handle our own investments. The program that we use, is simple and easy to administer. Performance-wise over the past 14 years, it has been second to none, having gained a whopping 924.9 . While many financial advisory firms say they have done better, ask them for their audited figures. They will undoubtedly not be able to provide them. Our GSA program can, and does. The 924.9 14-year track record is legit, and verifiable! While we found the GSA s performance to be more than excellent, we have tweaked it a bit, and made it even better. We began researching hundreds of top stock market timers in the precious metals area, and found that one has been spot on for the past twelve years. You will find him mentioned in the book, along with his record. Combine both the world best verified system, and top timer, and there is little doubt that you ll have a program that will succeed beyond your wildest financial dreams! We hope you will join us with it. About the Authors How They Can Help . John and Monica Miller are Americans living in Auckland, New Zealand. Besides writing books to help Americans get their investments and savings out of harm s way, they write a monthly newsletter, provide free financial advice, and answer...
