Reviews

Basically no phrases to clarify. It really is rally fascinating throgh reading time. Once you begin to read the book, it is extremely difficult to leave it before concluding.

(Anabel Zemplak)

125 ESSAYS FOR COLLEGE AND COMPETITIVE EXAMS.

Goodwill Publishing House, New Delhi, India. Softcover. Book Condition: New. An essay is a short, medium or long write-up on a topic. It is a juxtaposition of different ideas, nor a mere statement of facts, figures, opinions or arguments relating to a subject. It is a systematic delineation of viewpoints on a given topic in a logical manner in which one idea naturally leads to another and takes us to culmination of ideas or conclusion, rather than ending inconclusively, or the synthesis coming unexpectedly at the end. A well-written book on essays proves highly beneficial for regular students of higher classes in schools, colleges, those receiving distance education through open universities or doing self-study for some course, etc. and those preparing for civil Services, and other competitive examinations. An essay book is an ocean of knowledge. It not only provides valuable information and ideas on a number of topics relating to different subjects, but also inculcates in the readers the attributes of thinking clearly, coherently, analysing the problems scientifically and presenting ideas logically and impressively. The students who read good essay books are naturally more knowledgeable than others and are able to answer general questions on a number of topics, besides being able to elaborate on ideas precisely and effectively. 125 Essays for College and Competitive Examinations is unique in its coverage and presentation. It encompasses a comprehensive round-up of the entire spectrum of important fields and gives a complete overview of regional, national and international panorama, including various pressing issues like environmental protection, capital punishment, corruption, gender inequality, black money, terrorism, among others. It up a wide range of discussion points by covering ideas and information from the fields of management, economics, personality development, education, health care, science and technology, society and culture, philosophy, nuclear power, and sports and games. Besides,...
