In Inside Facebook, I'll give you the scoop on the company as it became the premiere online environment for U.S. college students, including how and by whom the products were made, how you can use them best, views on what makes social networks so valuable, and where the industry is headed. You, too, can achieve startup success and attain your greatest dream; I hope to inspire you toward fulfilling your potential. Love the book. It captures the ethos of the place and a substantial degree of the vision and drive which is a secret to success. -David Kopp, Sr. Director, Community at Yahoo!
