Forgotten Books, 2018. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from Demand for Teachers of Commercial Branches, Courses of Study A college graduate without business training or instruction in commercial branches was employed to teach in a certain Ohio high-school. Book-keeping was one of the subjects assigned to him. In addition to his teaching he was expected to outline and direct the Commercial Course then offered in that school. On his Way to begin the work, he stopped off between trains in a certain city to inquire of an instructor in commercial branches how to teach book-keeping. Doubtless, this same person would not have thought of attempting to teach language, science, literature, history, or music without first making adequate preparation, and yet, like many others, he did not hesitate to attempt the teaching of commercial branches without having made any preparation what ever. He seemed to take it as a matter of course that those were subjects the teaching of which presented no difficulty even to those who knew nothing about them.
