ACCELERANT - CONTINENTAL DRIFT: BATTLE AT THE PUERTO RICAN TRENCH (PAPERBACK)**DOWNLOAD**

Createspace Independent Publishing Platform, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. 5 stars! Review by Readers Favorite Accelerant.Continental Drift by James Morris Robinson is a riveting novel featuring political intrigue, terrorism, and crime, a colossal tale that is as epic as it is engaging. The earth has been abused, polluted, and altered in very negative ways and the Genesis Organisation can't stand aside and watch it die. Once defeated by the United States Military forces, this shadowy but powerful group retreated into hiding, but now they are returning; well-prepared, well-equipped, and with a force that no one can stop. They have chosen the most unlikely place to wage war against humankind - the Mid-Atlantic Oceanic Ridge.the Puerto Rico Trench. Their mission: create a new earth under one government. Can anyone stop the highly skilled assassins or the battleships that are about to be unleashed on the world? Will this create the fix they have dreamed about or an apocalypse? James Morris Robinson's work is highly imaginative, featuring a phenomenon that may be fictional but which powerfully reflects the current situation of the earth. The author masterfully integrates interesting themes into the story like climate change, human mindlessness about the health of the universe, political intrigue, and a lot more. The conflict is well-developed and the plot is built around the huge conflict. The plot moves very fast. Accelerant.Continental Drift features intense action, and great and compelling descriptions. Readers will enjoy the absorbing dialogues, well-crafted to read naturally. The dialogue helps in both plot and character development. As I read on, I couldn't help but imagine how this story could play out on screen. It's an entertaining read, but it is, above all, a powerful call to awareness. Divine...
