ASSESSMENT OF DANUBE WATER QUALITY IN SERBIA

Ljiljana M. Takic
Assessment of Danube
water quality in Serbia

Condition: New. Publisher/Verlag: LAP Lambert Academic Publishing | Assessment of Danube River water quality must be given special attention because it is one of the most valuable water resources in Serbia and in Europe. Correlations of criteria for water quality classification were established by comparing current legislation in Serbia and Water Framework Directive of the European Union. The case study of the Danube River in Serbia includes the actual and required water quality, water quality trends, long-term-changes and multicriteria analysis...

Reviews

Totally among the best ebook I have ever go through. It can be rally exciting throug looking at period. Its been printed in an extremely straightfo rward way which is just soon after i finished reading this pdf by which actually transformed me, change the way i believe.

-- **Mr. Mervin Walsh**

This published publication is wonderful. Of course, it is actually engage in, still an interesting and amazing literature. It is extremely difficult to leave it before concluding, once you begin to read the book.

-- **Vickie Wolff**
