TRANSFORMATIONS: BOOK ONE OF THE ALIEN EXCHANGE CHRONICLES (PAPERBACK)

Createspace, United States, 2012. Paperback. Condition: New. B C Cameron (illustrator). Language: English . Brand New Book ***** Print on Demand *****. What does it mean to be Human? It s a question Tim, Freywillla, and Michael nervously ponder after learning they will have to leave their home planets, transform into human shape, and try to pass themselves off as Earthly foreign exchange students. But no student has ever been quite THIS foreign. Freywillla s nine eyes and Michael s three gassy butts are difficult enough to hide, but the third arm growing out of Tim s skull is down-right obvious. So before anything else the three must band together to learn everything the Galactic School for Intergalactic Understanding and Exchange (GSIUE) has to offer, before it s too late! Now if only they can do that without being blown up, set on fire, infected with Tongue Rot, or worse - expelled - they can take their place among the galaxy s elite and become intergalactic spies in human high schools. From Docutoru s violent ear hair and an escaped human lunatic, to a violent rogue student and, of course, the demonic teddy bears, growing up has never been this tough, or this funny.
