

Blue Earth

By Jeff Stover

Blue Throne Creative, LLC, United States, 2010. Paperback. Book Condition: New. 216 x 140 mm. Language: English . Brand New Book ***** Print on Demand *****.FROM : Blue Earth is quite an accomplished novel, well laid out with very strong characterization, it was somewhat of a surprise to see a debut novel of this caliber. The story is set sometime in the near future, and has a minimal amount of back story, concentrating more on fleshing out the characters and developing the plot. The pace is pretty fast and there s enough twist and turns to keep the interest going. The protagonist and antagonist are both richly detailed and really fun to read, full of character and wit. The story itself blends the latest technological development in genetics (which seems very plausible) and mixes this with a theological perspective, ultimately dealing with the human condition.the prose itself is both rich and creative, well structured and almost poetic in a few places. There is a really good story here, a fast paced tale of cat and mouse played out with style and creativity. Recommended. -- Ant. DESCRIPTION: Blue Earth presents a future reality in which the application of science continues to...
