Createspace Independent Publishing Platform, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Stephen Hawley Martin s LIFE AFTER DEATH, POWERFUL EVIDENCE YOU WILL NEVER DIE laid out indisputable evidence the brain is not the source of your consciousness. Rather, it is a receiver that connects and integrates it with your body, and when the body dies, consciousness is released. That book described first few minutes after death as recounted by numerous near death survivors, many of whom unanimously agree they reached a border, a point of no return, that if crossed would have prohibited them from returning to life. This book takes readers past that border to explain what William Shakespeare called, The undiscovered country, a mental realm each individual creates for him or herself. It also provides information about actions you can take now in order to insure the best possible outcome after you cross that mysterious border, as each one of us inevitably will.
