CreateSpace Independent Publishing Platform. Paperback. Condition: New. This item is printed on demand. 112 pages. Dimensions: 7.8in. x 5.1in. x 0.3in. Solidarity is an emerging concept in contemporary philosophy it is subject to ongoing studies in various subfields of ethics and political philosophy. One notable approach in bioethics is to identify solidarity primarily as a three-tiered practice enacted at the interpersonal, communal, and contractual and legal levels. This approach is driven by the quest to differentiate between the diverse applications of the concept and to clarify its meaning, both historically and in terms of its potential as a fruitful concept for contemporary moral, social and political issues. This item ships from La Vergne, TN. Paperback.
