Forgotten Books. Paperback. Condition: New. 160 pages. Dimensions: 8.8in. x 6.0in. x 0.5in. Needless to say, therefore, that I regard the publication of Raymond at this psychological moment as much to be deplored. I would remind inquirers into the subject that if they would meet those who are hearing messages from spirits every hour of the day, who are seeing forms, angelic and human, surrounding them that are invisible to ordinary persons, and who are receiving other manifestations of an equally occult nature, they only require to go to a mental hospital to find them. It is true that the modern physician, by a long study of these phenomena, has come to regard them as symptoms of disease, and has renounced the doctrine of possession by spirits, though it had the double merit of simplicity and of antiquity to support it. honest mediums do exist who hear inaudible messages, or feel communications without words, or see forms invisible to others, the mental physician accustomed to symptoms is inclined to regard their gifts as being, if not morbid, at least as closely related to the morbid, with no element of anything occult about them. I desire to warn those who may possibly inherit a latent tendency to nervous disorders to have nothing to do with practical inquiries of a spiritualistic nature, lest they should awaken this dormant proclivity to hallucinations within their brains.
