Shannon Press, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Snowe Agency has a unique approach to solving crimes. Besides the usual sifting through the evidence for clues and motives, each of the detectives has an additional--and unusual--skill. The suave Seth Augustine is a psychometer. He gets psychic impressions from touching objects people have handled. Bethany Hale is as smart and tough as they come, and has precognitive dreams. Troy Seligman can do astral projection--but fights profound feelings of guilt over spying on people in spirit form. Jeff Kolnikoff seems shy and fumbling, but his telekinetic ability is off the charts. And the eccentric, brilliant telepath, Callista Lee, can read people's thoughts as clearly as if they were speaking aloud. And this time, they'll need all the skills they have to tackle their toughest case yet. A man was poisoned at a wedding reception--but a hundred guests, and even the bride and groom, all deny having the slightest idea who the victim is. Even the police are stumped. Can the gifted detectives of Snowe Agency catch a murderer when the victim is a complete cipher? And, even more importantly, can they do it before the killer strikes again?.
