Omega Empire

By Juan Quintero

Xlibris. Paperback. Condition: New. 172 pages. Dimensions: 8.8in. x 6.0in. x 0.5in. It is the year 3666, and the once vibrant Earth is now a junkyard of decaying cities plagued with overpopulation, pollution and disease. Yet it is the capital of an empire that spans through the stars and the seat of the Dragon Throne which is controlled by the most powerful tyrant to have ever existed. Emperor Zarad controls his empire through the intolerant Church of Logos whose atheist dogma persecutes every form of spirituality, the bloody Crimson Army which wages war against the rebellious colonies and the corrupt Universal Bank which favors the decadent nobility while the people of Earth starve. Yet in the midst of it all a woman known as the Witch incites rebellion as she speaks out against the Emperor and labels him as the antichrist. Her speeches are followed by riots and anarchy. And when Prince Julian, the Emperor's only son and heir, is captured by the terrorist group known as the Pale Horse, the resulting chaos will unleash a chain of events that will change the world forever. Reviews

This publication will never be effortless to get started on reading through but very entertaining to read through. It normally is not going to expense too much. I discovered this publication from my dad and I encouraged this book to find out.
