

Futureface: A Family Mystery, an Epic Quest, and the Secret to Belonging (Hardback)

Filesize: 8.96 MB

Reviews

This book is definitely not effortless to start on reading through but extremely fun to learn. Better then never, though i am quite late in start reading this one. It is extremely difficult to leave it before concluding, once you begin to read the book.
(Aliya Franecki)

FUTUREFACE: A FAMILY MYSTERY, AN EPIC QUEST, AND THE SECRET TO BELONGING (HARDBACK)

One World, 2018. Hardback. Condition: New. Language: English . Brand New Book. An acclaimed journalist travels the globe to solve the mystery of her ancestry, confronting the question at the heart of the American experience of immigration, race, and identity: Who are my people? Alex Wagner has always been fascinated by stories of exile and migration. Her father's ancestors immigrated to the United States from Ireland and Luxembourg. Her mother fled Rangoon in the 1960s, escaping Burma's military dictatorship. In her professional life, Wagner reported from the Arizona-Mexico border, where agents, drones, cameras, and military hardware guarded the line between two nations. She listened to debates about whether the United States should be a melting pot or a salad bowl. She knew that moving from one land to another--and the accompanying recombination of individual and tribal identities--was the story of America. And she was happy that her own mixed-race ancestry and late twentieth-century education had taught her that identity is mutable and meaningless, a thing we make rather than a thing we are. When a cousin's offhand comment threw a mystery into her personal story--introducing the possibility of an exciting new twist in her already complex family history--Wagner was suddenly awakened to her own deep hunger to be something, to belong, to have an identity that mattered, a tribe of her own. Intoxicated by the possibility, she became determined to investigate her genealogy. So she set off on a quest to find the truth about her family history. The journey takes Wagner from Burma to Luxembourg, from ruined colonial capitals with records written on banana leaves to Mormon databases and high-tech genetic labs. As she gets closer to solving the mystery of her own ancestry, she begins to grapple with a deeper question: Does it matter? Is...
