Brand New Book ***** Print on Demand *****.The Black Girl's Guide to College Success: What No One Really Tells You About College That You Must Know provides readers with all the information they need to know to be successful in college. There are books that tell you how to get into college, but few that show you how to navigate college successfully once you're actually there. The Black Girl's Guide to College Success tells you a host of information that girls tend to learn through a terrible game of trial and error, such as the importance of maintaining a high GPA from the beginning of their freshman year. The Black Girl's Guide to College Success covers the entire college experience from choosing the right major, studying abroad, and obtaining internships, to having fun, balancing out relationships and extracurricular activities, and tough issues like combating feelings of inferiority. Life becomes a little easier when you don't have to figure out EVERYTHING on your own. Millions of black women have graduated from college and have been successful, but having a heads up on how to make it through successfully can only increase the population of black female college graduates. The Black Girl's Guide to College Success not only defies the myth that all you have to do is study and get good grades to be successful in college, it...
