The author, Henrik Rys, was born in the Canadian city of Sudbury, ON. He grew up torn between the demands of modern Western culture, and those of his Finnish father Eino, who still lived in the mindset of a war half a century earlier. To cope with the confusion caused by forces he couldn't understand, the boy resolved to transform into a successful detective, like his heroes in literature - until he found himself on the wrong side of the law. Decades later, he would have another opportunity to investigate again - not only Eino's mysterious history, but also possibly solving a 75 year old murder cover-up: That of his own grandfather. Inger: Father and Son is a new generational saga documenting the fates of those living in Ingermanland in WW2 Soviet Russia leading up the Siege of Leningrad, where over a million lost their lives. It also follows one family's trajectory from there to Gulag camps in Kazakhstan, forced labor in Estonia, and finally a journey to freedom through Finland, Sweden and Canada. This item ships from La Vergne, TN. Paperback.
