

National Geographic Readers Great Migrations: Whales

By Laura Marsh

National Geographic Kids. Paperback. Book Condition: new. BRAND NEW, National Geographic Readers Great Migrations: Whales, Laura Marsh, Each summer, massive groups of sperm whales travel through warm waters to the icy ocean of the Arctic and Antarctic to feed on the swarms of fish that group there. In the fall, the massive creatures travel back toward the equator to breed. Driven by the need to lead these largest toothed migratory mammals interact with dolphins, swarming bait balls, and other whales along the way. This level 3 reader follows their perilous, but amazing journey, in a fun and informative fashion.
