

Video Organizer for Beginning Algebra

By Elayn Martin-Gay

Pearson Education (US), United States, 2016. Paperback. Book Condition: New. 7th Revised edition. 279 x 216 mm. Language: English . Brand New Book. The Video Organizer encourages students to take notes and work practice exercises while watching Elayn Martin-Gay's lecture series (available in MyMathLab(R) and on DVD). All content in the Video Organizer is presented in the same order as it is presented in the videos, making it easy for students to create a course notebook and build good study habits! The Video Organizer provides ample space for students to write down key definitions and rules throughout the lectures, and Play and Pause button icons prompt students to follow along with Elayn for some exercises while they try others on their own.

This pdf may be worth getting. It is actually written in straightforward words and not difficult to understand. You will not feel monotony at any moment of your respective time (that's what catalogs are for about should you request me).

This type of book is everything and made me seeking forward and more. It is amongst the most awesome publication we have gone through. It's been developed in an exceptionally straightforward way and it is only soon after I finished reading this ebook by which it actually altered me, altered the way I believe.
