Tuttle Publishing, United States, 2014. Mixed media product. Condition: New. Language: English . Brand New Book. This kit contains 12 full colour pop-out paper pieces, a catapult launcher and instruction booklet. These awesome high-performance planes are frustration-free-no glue needed, just a stapler and some imagination. The full-colour instruction book inside the kit provides clear, step-by-step folding instructions for each plane. All the planes are printed in full color on high-quality cardstock and precut so you just push out the pieces, fold them and staple them. The rubber band catapult launcher that is included makes the planes soar and swoop to great heights-which draws a crowd and keeps kids and adults entertained for hours. One Minute Paper Airplanes Kit is a kit with pop out aeroplanes that you fold according to instructions and then staple together. The instructions also tell you how to tune the planes for better performance and offers tips on how to design your own paper aeroplane models. The 12 pop outs are printed in full colour on high-quality card and you don t have to cut anything - you just push them out, fold and staple. There s also a rubber band catapult launcher in the kit to help the planes fly far, high and fast! The instructions are quite easy to follow but our stapler is too large to fit in to staple the planes together so ours weren t as sturdy as they should have been. Still lots of fun though and my 3-year-old loved the planes I made her. -A Mum Reviews blog.
