One who wants to get joy of book reading especially in very less time can go for it. About the Book Deeds and Words Deeds and Words (Actes et Paroles), which is dated June, 1875, is the record of Victor Hugos public life, speeches and letters, down to the year of his death, which occurred on May 32, 1885; but it is most important as a defence of his political career from 1848 onwards. It does not, however, tell us how changeable his opinions had actually been. His inconstant attachments are thus summed up by Dr. Brandes: He warmly supports the candidacy of Louis Napoleon for the post of President of the Republic . . . lends him his support when he occupies that post, and is even favourable to the idea of an empire, until the feeling that he is despised as a politician estranges him from the Prince-President, and resentment at the coup detat drives him into the camp of the extreme Republicans. His life may be said to mirror the political movements of France during the first half of the century. (See FICTION.) For more eBooks visit www.kartindo.com This item ships from La Vergne, TN.
