

Eisenhower's Guerillas: The Jedburghs, the Maquis, and the Liberation of France (Hardback)

Filesize: 7.69 MB

Reviews

This book is fantastic. It really is packed with wisdom and knowledge I am pleased to explain how this is the greatest ebook i actually have go through in my personal daily life and can be he greatest ebook for at any time.
(Mr. Zachariah O'Hara)

EISENHOWER S GUERILLAS: THE JEDBURGHs, THE MAQUIS, AND THE LIBERATION OF FRANCE (HARDBACK)

[DOWNLOAD](#)

Oxford University Press Inc, United States, 2016. Hardback. Condition: New. Language: English . Brand New Book. In the run-up to the invasion of Normandy in June 1944, General Dwight D. Eisenhower faced a series of seemingly insurmountable dilemmas. Outnumbered and desperate for any advantage to make their way past the well-defended beaches and into France, the Allies had reached out to French guerillas and partisans to help secure their aims-but transforming the highly independent resistance groups into a governable body and fighting force was a formidable task. To make matters more difficult, President Roosevelt refused to give full Allied support to Charles de Gaulle and his Free French government, and would not supply the timing, location, and other key details of Operation Overlord. It was into this storm of political mistrust and military confusion that Eisenhower sent the Jedburghs. Eisenhower s Guerillas tells the story of the reconnaissance and intelligence teams of young Special Forces, called Jedburghs, who worked behind enemy lines to strengthen the Allies position in Northern France. Their task of organizing and training the French operatives, already monumental, was made more difficult by the fact that France s war aims were profoundly different from those of America and Britain, who regarded France as merely a military objective on the way to defeating Germany. Ben Jones describes how Eisenhower learned how to exploit this political turmoil to his advantage, and explores how the Allied Jedburgh teams still managed to coordinate French guerrilla operations within the overall plans for the country s liberation. Underscoring the critical and often overlooked part that irregular warfare played in Allied operations on the Continent, Jones delivers a riveting story of the battle for France and the political complexities that threatened to undermine the operation from within.
