Date :2010-8-1. The students know that words are the basis for language learning, but in terms of learning process, we will encounter many difficulties. Because more than the number of characters, pronunciation, shape complexity, meaning the same, similar words and polysemous phenomenon is particularly common, to our understanding, the accumulation and use of words brought a certain degree of difficulty. However, anything easy, there is nothing. The textbooks written according to PEP, Zhejiang Province, known by the grade teacher, a senior research staff and key teachers DEDECATES, set dictionaries, exercise books, databases and other functions in one optimization version of the word man - with the word school teacher words that we learn a good partner. First, it and textbooks simultaneously, the key word in the text, difficult words, we can in the word supermarket to find, some of which have specific meaning in the text words, some of our exclusive easy to understand terms, some of them in general difficult to be found in the dictionary definition of the word. In the word supermarket, the words that not only precise and appropriate, easy to understand, but also closely linked text. We no longer need access to the numerous other types of dictionaries, we can easily understand and master the words, is both time efficient. At the same time, easy to read wrong, wrong words, synonyms, antonyms, special usage of words, easily confused words, etc. are in the prompt or Analysis given a precise and appropriate coaching. Second, each class also set up three columns, of which tired head on the plot in the words are distinctive from the text of the key...
