Forgotten Books, United States, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Excerpt from Shipbuilding and Shipping Record, Vol. 11: A Journal of Shipbuilding, Marine Engineering, Docks, Harbours and Shipping; March 14, 1918 I read with considerable interest the article in your paper of January 3, entitled Some insufficiently considered details of ship construction and equipment, by C. Waldie Cairns, M.sc., and I have also read the discussion on the paper. It is not my intention to invade the right of discussion which belongs to the members of the north-east Coast Institution of Shipbuilders, but I do desire, as a general reader, to call special attention to one phase of this paper, which is not referred to in the discussion, that is, Mr. Cairns facility of technical expression. It is most excellent, because there is a great deal of small, uncommon detail, and he expresses himself true to the line every time.
